Teacher Workshop: How Archaeology is Already Part of Your Curriculum!

Teachers, did you know you are already teaching key components of archaeology in your classroom? By attending our Teacher Workshop this Spring you will learn how to use interactive archaeology-themed activities to support your current teaching goals. We will focus on activities that, like archaeology, are multidisciplinary and demonstrate the integration of science, math, social studies, language, and fine arts. Workshop leaders will review how archaeology supports many TEKS requirements at all grade levels, and how our activities meet these requirements. We strive to make each activity low-cost using readily available materials. Held at UTSA’s Center for Archaeological Research, you will also take a tour of our working archaeology laboratory and artifact storage facility. Workshop participants will earn 4 hours of continuing education credits. Join us May 16th, 9:00am - 1:00pm. Cost is $35. Visit our website car.utsa.edu for more information and registration.

Girl Scout Day at the Center for Archaeological Research

The Legacy program would like to invite Girl Scouts ages 10-15 years old to explore the exciting career of archaeology at UTSA’s Center for Archaeological Research. Join us April 5th, 9:00 am - 3:00 pm, where Scouts will learn to use real archaeological tools and methods, and even earn a Fun Patch! Girls will get a tour of our lab, set up and excavate their own archaeological units, and use critical thinking skills to analyze artifacts. Scouts will also participate in experimental archaeology by learning to use several prehistoric technologies. Cost is $30 per scout (no charge for parents or troop leader chaperones).
Meet the Legacy Staff!!

Whitney Lytle is the Legacy Program Coordinator and a Ph.D. student at UTSA. She brings to the Legacy program extensive experience in archaeological research, as well as designing and promoting public outreach programs. For more information about opportunities offered by Legacy, email her at Whitney.Lytle@utsa.edu or contact her by phone at 458-4462.

Nathan Heep is the Assistant Coordinator of the Legacy Program. In the fall of 2012 he graduated with his M.A. degree in Cultural Anthropology from Texas State University where he studied the ceremonies of Osage Native Americans. Nathan is also CAR’s web designer. Contact him via email at Nathan.Heep@utsa.edu.

Legacy and NISD Adult & Community Education

The Legacy program has partnered with San Antonio’s Northside Independent School District to provide several Adult and Community Education classes during the Spring of 2014. There are three different course choices!! See page one for dates and times.

- **Fundamentals of Archaeology**: Learn and practice archaeological methods in this two-part session taking place at UTSA’s Center for Archaeological Research. Tour the working archaeological laboratory, participate in ‘experimental archaeology’ by utilizing ancient technologies, learn about major archaeological discoveries in the San Antonio area, and get the chance to process real artifacts in the lab using archaeological techniques. For adults and teens 16 years and up. Cost: $45

- **Family Archaeology Adventure**: Learn about archaeology alongside your child! Encourage your child’s interest in history and science in this fun workshop taught by an experienced archaeologist at UTSA’s Center for Archaeological Research. Start the day with a tour of a working archaeology laboratory and a mock dig. You will also hear presentations on different cultures as well as archaeological methods. Additionally, hands-on activities will reinforce the topics in a fun and interactive way. Two separate sessions offered for parents and children ages 8 years and up. Cost: $40 (One parent and one child, each additional family member only $10)

- **Indiana Jones Unraveled**: Learn about the cultures represented in the Indiana Jones films from an experienced archaeologist. Join us as we separate the realities from the myths of each film and trace the history of archaeological methods from Jones’ time to today. Adult and teens ages 16 and up. Cost: $35

For more information and registration please visit [http://www.nisd.net/ace/](http://www.nisd.net/ace/) (browse classes under ‘Science and Discovery’)

2014 Archaeology Summer Camps

Legacy is happy to announce the Archaeology Summer Camp theme for 2014 is ‘Archaeology of Africa’. Open to ages 9-13 years old, this one week camp will take students around the continent of Africa exploring different cultures and archaeological sites. Using a combination of presentations and hands-on activities, camp leaders provide a learning experience in a fun and interactive environment. For additional information, registration forms, and to see last year’s photos and reviews please visit our website at [car.utsa.edu](http://car.utsa.edu).

Legacy Fees:

- **Lab Tours**: $8 per student
- **In-School Presentations**: (classroom, auditorium, career day) $75 for 4 hours or less $125 for more than 4 hours
- **Clubs**: $200 for club sponsorship
